## LIBRARY LIST

2004

### LIBRARY ARRANGEMENTS

The Library is stored with the undersigned at 518/520 Halifax Road, BRADFORD, West Yorkshire BD6 2LP, and books should be requested by post; it will be appreciated if telephone (01274-601268) is used only where absolutely necessary; however, a fax may be sent to the same number at any time. Where possible, books will be brought by arrangement to a convenient meeting place (eg. Society meetings, though with my removal to Bradford, this may be less possible than previously) or will be sent by post (second-class, unless otherwise requested). Post and other relevant expenses are paid by the borrower, and should be refunded direct to the Librarian (to his account, not the Society's; stamps are OK) when returning the book(s). Any reasonable number of books may be borrowed at any one time; where possible, borrowers will be advised if books are not available for any reason, such as being with another borrower.

The normal period of loan is 1 month, but books may be retained (or requested in advance) for longer periods by arrangement when no other member is waiting to borrow them. The Library books are insured in transit and in members' homes, but a proof-of-posting certificate (free at the post office) must be obtained (and retained) before dispatch by post. Recorded delivery or registration is not normally required. If bulky packages are being returned which will not be suitable for my letter box, any advance warning will be appreciated. By kind arrangement with Stephen and Judith Holder, any items that are very bulky may be sent to HH Sales Ltd, The Barn, Heaton Royds, Shay Lane, BRADFORD, W. Yorks BD9 6SH. Stephen or Judith should be given prior warning by telephone (01274-544446) or by fax (01274-545634). Thank you.

George E. Barker  
(Librarian)

Since the first Library List was prepared, many years ago, the number of books in the Library has grown enormously, first quadrupling to about 240 in 1982, and then rising by a further 50% by 1990. Since then, the growth has continued steadily. The Library must be, in its subject area, one of the most extensive available to residents of Great Britain.

The List is arranged in three main parts: the first is an alphabetical listing, by Author, of all the books and brochures in the Library. Notwithstanding the long Subject index in the second part of the List, the Author part merits extensive browsing, and your Librarian is confident that most members will find something new to them in this section. The second part, as indicated, is a Subject index, with all the books referred to by their number in the first part. There is a certain amount of deliberate duplication here, wherever this provides the easiest reference to a work: otherwise, books are referred to by the main topics with which they deal. Naturally, very general works, that deal with many different topics, cannot be exhaustively indexed in this way in a listing of this relative brevity - they are generally placed under a subsection 'general', within the main section to which they belong. One space-saving point - all books are presumed to be concerned with stamps, unless the number in the first part is prefaced by a "+", to indicate a postal history work; there are surprisingly few books that deal equally with the stamps and postal history of an area!

Finally, there is a third part, dealing with the periodical runs; it is worth repeating that we have a complete run of *Le Monde des Philatélistes*; hence, we possess, in the text of this periodical, all the brochures produced by *Le Monde* from their pages, even though the Library possesses only a limited number of the brochures themselves. Despite rumours to the contrary, there is rarely any change in the contents of the article when it is reprinted as a brochure - that would cost too much!

- 9 Feuilles Marcophiles [issued quarterly] :  
The Society possesses a good range of issues (166 [9/65], and 173 [69/I] to 268 [92/I]), some of which are only photocopies, but which is extended, thanks to a permanent loan of certain numbers from Mr J.N. Hammonds; some issues are available to the Librarian to photocopy. If any member can provide examples of any of the missing numbers above for copying to help complete our run, the Librarian would be very glad to hear of it. We also have the supplementary numbers S229 [PhilexFrance 82: described in detail in Journal No 191], S238 [Premiers Paquebots à Vapeur Transatlantiques 1840-1868, Tristant], S244 [Marques de Franchise des Couvents, Guerrier] and X244 [Les Marques d'Arrivée Avant 1830, Mayeur] {there are two supplements to No 244, and I have called the second (sold separately) as X244}, S251 [L'Almanach des Postes, Cappare], S253 [Boules de Moulins, Boussac], S258 [La Petite Poste Maritime/La Poste Maritime au XVIIIe Siècle, Bergier], S262 [Les Déboursés, Wallart], S263 [Bergier: Poste Maritime Pre-Philatélique], S267 [Marcophiles XVI (1991)], S272 [Cachets Manuels à Paris 1876 to date], S279 [RP de la Seine en 1895], S282 [Petite Poste de Paris], S288 [Lettres Inconnus sous l'Ancien Régime], S289 [Les Différents Types de Bureaux de Poste 1980-1996, M. Frey], S292 [Timbres à Date Manuels de la RP de Paris 3/1876 to date], S293 [Autour du 1848], & S296 [La Poste à Luxeuil 1851-1918]. There is also another copy of the special issue for PhilexFrance 89. Remember, further, that No 200 of *Feuilles Marcophiles* is the special number issued for Arphila 1974.
- 10 Feuilles Marcophiles - Information (Mini-Revue): This supplement ran separately for many years but is now continued, nominally, without numbering, in the main periodical. We possess Numbers 1 [Feb 1974] to No 30 [Apr 1981] but certain other issues are available to the Librarian for consultation.
- 11 FCPS-GB: Bulletin/Journal issues: Numbers 11-30; 34 to date.  
Newsletter issues N° 22 to end of series.  
The earlier issues of the Bulletin/Journal are substantially complete thanks to kind donations, but in any event a complete run is available to the Librarian for consultation, though not for loan.
- 11a FCPS-GB (Northern Group) Newsletter issues N° 1 (Jan 1993) to date.
- 12 France & Colonies Philatelist (USA): N° 1 [Nov/Dec 1941] - N° 185 [July 1981] plus issues from Oct 1981 to date, including virtually all the supplements. FCPS (USA) has published an index to its periodical, which is available in the Library. We now have (subject to any errors on your librarian's part!) a complete run of the publication of our sister organization in the USA. The gap (in time) between N° 117 [Dec 1963] and 118 [Sep 1964] was due to the change in format and style (the adoption of letterpress production).

Compiler's Note: I mentioned at this point in the first edition that the listing had been compiled at speed and under considerable pressure. This edition has not been prepared in such a speedy manner, but the pressure is still relentless, and the increased number of items has improved the likelihood of error! I regret that it has taken so long - the consequence of too much to do and too little time to do it - and hope that any errors will be pointed out rapidly to me so that the master copy (on computer) can be corrected in readiness for any future edition that may be necessary. Let us hope that such an edition can be prepared more easily with the computer's aid.
